

Pedro Henrique Almeida

FULLSTACK DEVELOPER

Fullstack Developer with over 3 years of experience in Web and Mobile projects. Specialized in React Native, React, Vue.js, and Next.js (Frontend), and NestJS, Express, Node.js (Backend). Proven experience in multiplatform development, legacy system maintenance, and agile environments with continuous delivery. Known for autonomy, strong Git practices, Styled-Components expertise, and CI/CD in Linux environments.

ACADEMIC BACKGROUND

- IFG - Instituto Federal de Goiás**
Bachelor's Degree in Control and Automation Engineering
February 2020 - Currently on hold
- Faculdade Descomplica**
Bachelor's Degree in Computer Science
December 2022 - December 2026

EXPERIENCE

- Fullstack Developer**
Grupo Planning, Goiânia | January 2025 - March 2025
Developed and maintained scalable backend services using **NestJS**, and frontend applications with **Vue** and **NextJS**, in addition to maintaining the **mobile** application in **React Native**. Contributed to improving system performance and enhancing user experience.
- Frontend Developer**
Grupo Planning, Goiânia | July 2022 - December 2024
 - Developed and maintained the company's mobile application for **Android** and **iOS** using **React Native**, contributing to improvements in user experience and performance.
 - Developed the web version of the application using **NextJS** and performed maintenance on other company web applications with **Vue**, optimizing performance and reducing bug reports.
- Frontend Developer**
Digital Desenvolvimentos, Goiânia | November 2021 - July 2022
Led the development of the company's mobile application for **Android** and **iOS** using **React Native**, being responsible for 90% of the final product's codebase. Implemented rigorous testing and optimization processes that improved application stability by reducing crash rates, enhancing overall user experience.
- Frontend Intern Developer**
Digital Desenvolvimentos, Goiânia | June 2021 - November 2021
Developed core frontend components using **ReactJS** for the company's **web application**, applying fundamental **HTML**, **CSS**, and **JavaScript** concepts. Implemented **UI design** improvements and optimized frontend logic, resulting in enhanced user interface and consistent visual branding across the application.
